- **☐ Yes  ☐ No**  Is the Negative TB screening good through the end date of service on the application? If “No” please ask the person to obtain a current TB screening and provide the results.

- **☐ Yes  ☐ No**  Is there documentation of 2 MMR (Measles, Mumps, Rubella) vaccines; physician documentation of having had Measles, Mumps and Rubella diseases; or a positive titer (blood draw) for all three diseases? If “No” please ask the person to obtain the documentation requested.

- **☐ Yes  ☐ No**  Is there documentation of 1 adult dose of the Tdap (Tetanus, Diptheria, and Pertussis) vaccine? (This is different from the Td vaccine, the Td booster dose, and the childhood DTaP vaccine) If “No” please ask the person to obtain the documentation requested.

- **☐ Yes  ☐ No**  Has the person had chicken pox as a child (a verbal history is acceptable)? Or does the person have documentation of a positive Varicella titer (blood draw) OR documentation of receiving 2 Varicella vaccines? If the person does not know if they have had chicken pox as a child, please ask for the paper documentation requested above. If “No”, the person does not have paper documentation please ask them to obtain.

All answers must be “yes” before the person can begin volunteering or observing in a health care setting.

*Please note that all documentation of immunizations or lab/blood tests must be in the English language in order to be accepted as proof of fulfilling the requirements.

Suggested sites to locate immunization records for documentation:
- Primary Care Provider/Pediatrician
- Health Department
- High School

Suggested sites to obtain missing vaccine requirements:
- Primary Care Provider/Pediatrician
- Health Department
- The Little Clinic in Kroger
- Pharmacy chains (Rite Aid, CVS, Walgreens)

If you have any questions about interpreting the documentation or the Employee Health requirements please contact Leslie Hargis at laharg3@uky.edu by email, 859-257-9814 by fax, or 859-218-3257 by phone. We will provide a clinical decision on the course of action needed to meet the requirements.
