Turning cancer patients, into cancer survivors.

That’s why we’re here.

One morning, Sally Leukefeld felt a lump. Her UK HealthCare physician felt it too, and that same day she was talking to leading experts at the Markey Cancer Center. Sally was right. It was cancer. But she was also fortunate, she was at Markey. Thanks to our new imaging systems, diagnostic tools and evidence-based treatment options, we’ve built the most comprehensive cancer center in Kentucky—along with some of the highest cancer survival rates in the state. Thanks to the care and compassion of our Markey team, Sally is no longer a cancer patient. She’s a cancer survivor.

To see Sally’s full story, visit ukhealthcare.uky.edu/sally or call 800.333.8874 for information.
