Frequently Asked Questions

How do I apply?

Interested candidates can submit their applications on the University of Kentucky website or by scanning the QR code below. Applications require transcripts, proof of enrollment, two professional references, a resume and cover letter.

How are degree programs designated as eligible?

Eligible programs will be managed and reviewed twice annually by the Position Review Committee (PRC) in July and January. Programs are selected based on areas of need within the enterprise and criteria for that selection includes: Vacancy rate, agency rate, turnover rate, projected enterprise growth of titles.

What if I am unable to fulfill the work requirements for this program?

Failure to meet the work obligation shall necessitate repayment of the entire or remaining stipend amount, plus accrued interest, and any collection costs.

What if my degree program is initially designated as eligible but is deemed ineligible after the bi-annual review by the PRC?

Participants that have been accepted into the program under an eligible degree program will be grandfathered into the program for the remainder of their agreement. Grandfathered participants will still be required to maintain all other eligibility components of the program.

How are the scholarship funds received?

Scholarship funds are remitted directly to the institution where the degree is being earned.

Who do I contact if I have questions about this program?

All questions can be directed to scholarship@uky.edu
