Hybrid or LinkBlue Login

If you are logging in from CareWeb or an email from the STAR Program, you will be directed to a hybrid login or LinkBlue Login. You will know you are at a hybrid login by the Kentucky Wildcat. The instructions of what to use are found directly below the login fields. You will use your LinkBlue ID and LinkBlue password. It does update when you change your password on MYUK.

This image will update as UK updates the site picture.
