UK HealthCare Occupational Medicine and Environmental Health

UK HealthCare Occupational Medicine and Environmental Health can help you and your business develop a safer, healthier workplace. We offer consultation on preventive medicine, travel medicine, occupational health and environment-related problems. We evaluate and help manage anticipated health problems, as well as identify occupational/lifestyle hazards and environment-related disorders. We emphasize personal health maintenance.

The clinic also helps companies identify and evaluate workplace hazards, as well as develop OSHA compliance, cost-effective preventive health programs and employee fringe-benefit packages.

We provide the following services:

**Specialty services**
- Medical management of occupational injuries
- Independent Medical Examinations (IME)/impairment ratings
- On-site ergonomic evaluations
- Safety evaluations/OSHA compliance consultations
- Medical review officer (MRO) services for drug testing
- Evaluation of workplace exposures
- Comprehensive international travel evaluations and vaccinations, including yellow fever
- Post-travel screening and evaluation
- Social Security disability evaluations
- I-693 exams

**Physical exams**
- Pre-employment
- Fitness for duty
- Return to work
- Department of Transportation (DOT)
- Federal Aviation Administration (FAA Class I-III)
- FAA ATC (air traffic controller) exams
- Worksite hazard compliance

**Testing and screening**
- Pulmonary function testing
- Physical capacity evaluations
- Respiratory screening
- Respiratory FIT Test
- Audiometry
- TB skin testing
- Urinalysis

**Drug screen services**
- Post-injury
- Random testing
- Return to work
- Breath alcohol testing

Our team

T. Scott Prince, MD, MSPH

Dr. Prince is a graduate of the University of South Carolina’s College of Medicine, with residency at the UK College of Medicine. He is board certified in occupational medicine. His clinical interests include environmental medicine, impairment/disability, travel medicine, aviation medicine, and working with UK students and employees.

Susan E. Spengler, MD, MSPH

Dr. Spengler is a graduate of the Medical College of Pennsylvania in Philadelphia. She completed residencies at the University of Wisconsin-Madison Medical Center and at the UK College of Medicine. Dr. Spengler is board certified in occupational medicine, and physical medicine and rehabilitation. Her clinical interests include general occupational health, musculoskeletal injury rehabilitation and travel medicine.
